

Exercise 1: Usability

Winter Term 2018/19

In the lecture, we were talking about the term *usability*. Organize yourself in couples; one has to think loudly while doing the exercise, the other one is supposed to take notes.

Important Note: The usage of help sites, such as google, is *not* allowed. Also, do not use search options, such as the university's *Mitarbeitersuche*.

The University of Rostock's Website

- Unit 1:** Go to the University's home page `www.uni-rostock.de` and find the current term dates (*Vorlesungszeiten*).
- Unit 2:** Go to the faculty's home page `www.ief.uni-rostock.de`. From there, (1) find a valid *Studienordnung* for the studies in electrical engineering and (2) find the current *Promotionsordnung*.
- Unit 3:** Start at the university's home page and find the library's home page.
- Unit 4:** Go to the home page of the library of the University of Rostock. Please find the place where you can make a reservation of a private group working place.
- Unit 5:** Go to the University's home page `www.uni-rostock.de` Where can you find public photo copy machines at ITMZ (the computer science building)?
- Unit 6:** Go to the University's home page `www.uni-rostock.de`. What are the principle's (Rektors) room and phone numbers?
- Unit 7:** Go to the University's home page `www.uni-rostock.de` and find our sports sciences department, and look up Professor Bruhn's phone number.
- Unit 8:** Go to the University's home page `www.uni-rostock.de` and find Prof. Bernd Kreikemeyer's home page.
- Unit 9:** Go to the University's home page `www.uni-rostock.de` and find the *Mitarbeitersuche*.
- Unit 10:** Go to the University's home page `www.uni-rostock.de` and find students sports recreation's home page (*Seite des Hochschulsports*).
- Unit 11:** Go to the University's home page `www.uni-rostock.de` and find the *Antrag auf Rückerstattung privat verauslagter Mittel*.

Unit 12: Go to the University's home page `www.uni-rostock.de` and find the Antrag auf Genehmigung einer Dienstreise.

Unit 13: Go to the University's home page `www.uni-rostock.de` and find the Hotelliste (die offiziellen Hotels der Uni Rostock bzw. des Landes Mecklenburg-Vorpommern).

Linux

Unit 1: Start a program with the name `x-terminal-emulator`

Unit 2: Start the program `korganizer`. Create an entry for the 21st of October 2018. Create another entry for the period starting at the 16th of October and ending at the 23rd of October 2018. Modify the entry of the 21st of October 2018, e.g., another time or another subject. Mark your vacation which is from the 28th of October to the 8th of November 2018.

Unit 3: Create a “toy” program `jojo` by typing in the following commands:

```
echo 'echo hi there && sleep 1' > jojo
chmod 755 jojo
```

and try it by typing in `./jojo`. Create a “links” on the panel (left line).

Unit 4: Restart the computer.

Have fun, Theo and Ralf
